

components

```
graph TD; components[components] -- 1 --> util[util];
```

A diagram showing a dependency between two components. The top component is labeled 'components' and is enclosed in a light blue box with a thick black border. A vertical arrow points from the bottom of this box to the top of a second box below it. The number '1' is positioned to the right of the arrow, indicating a multiplicity of one. The bottom component is labeled 'util' and is enclosed in a white box with a red border.
